Our friend James Maret took the machine and put it up. After completing the job he thought he would see how it worked, so he began dropping nickles and dimes and quarters in the machine until he had no more left. Then he began hunting for the key and found that Wade Graves had taken the key with him to Livingston. So he called up Graves and asked him to come at once to Mt. Vernon as the machine had his money and he needed it. Graves caught the first train north. Now, if you want to get a fight on your hands just ask Maret how the new machine works.—Robert Spence, of Berea, was in our town Sunday. Mr. E. L. Cockrell

Who passed to his reward Wednesday night, at his home in Livingston. His death came as a great surprise to all, not even his family expecting when they bid him good night on Wednesday night, that they would find him cold in death on yesterday morning. Without a murmur or a struggle the end came. For several days he had been suffering from a very severe cold, but it was the least of any one's thought that there was any ailment that would prove fatal. Mr. Cockrell was one of the county's wealthiest and best business men and his death will mean much to the business interests of the county.

He leaves a wife and little son four years old.

The burial will take place at Richmond tomorrow afternoon, immediately after the arrival of No. 38, the north-bound passenger, which will carry the remains to that city.

KENTUCKY PRESS ASSOCIATION

THERE is a proposition for building 6200 miles of turnpike in Kentucky by State and Federal aid. According to Louisville Times nearly every county seat would have from 4 to 6 trunk lines leading to adjoining county seats. Rockcastle map shows up six as follows: One road leading to each of the following places: London, McKee, Richmond, Lancaster, Stanford and Somerset.

Below is estimate of the cost for State Highway system:
Total number of miles to connect all county seats 6,200
Average cost per mile 4,000
Total cost of construction \$24,800,000
Comparative Tax Rates.

Kentucky pays \$5 per thousand
Would pay \$5.50 per thousand with State aid. Arkansas, \$21.70; Washington, \$36.39. Kentucky is one of fourteen States that has no bonded debt. Massachusetts has a bonded debt of \$116,000,000; New York, \$80,000,000; Tennessee, \$11,000,000 and Virginia, \$9,000,000.

Kentucky has 26,000,000 acres of land and a property value of \$1,200,000,000 taken on a 69 per cent basis.
State tax of 5c on the one hundred dollars \$600,000
Kentucky's part of the \$25,000,000 proposed Federal appropriation is \$53,000 \$1,183,000
County tax \$1,183,000

Total amount of income per year \$2,369,000
\$24,800,000 divided by \$2,369,000 equals 11 years time required to construct the system.

Increased value of land and the value of this system to the State cannot be estimated.

"The movement for good roads in Kentucky has been going forward for many years, but at times its progress became almost imperceptible, and save for the fact that the economic value of highways has become a recognized principle one cannot boast that much has been done to provide the state in general with roads of any great serviceable value. Of late, however, the principle has become too big a thing to be kept out of sight, and The Times along with other great elements in the Commonwealth has brought to the public eye the need of a system of communication better than any other in the country.

Terrell Leads Fight.
Leading the fight in the General Assembly is to be found the sturdy figure of Claude B. Terrell, Speaker of the House of Representatives, a resident of Trimble county and a man of the soil, who would see the country dweller, the farmer and the stockman getting more out of life and getting it easier. There is no limit to the improvement in the condition of living possibly when means of easy transportation of corps and incoming comforts are at hand.

These things being known to the Speaker, he has put his heart in the cause of State Aid for Good Roads. He knows that the locked in treasures of the mountains will enable those counties, long supported by the balance of the State as "pauper," to take their self respecting place amongst those honorable and honored counties which pay their own way—that is, when roads are built which will afford ingress and egress to the groaning wagons which shall bear outward the produce of those hills and valleys, and which shall bear in the increased comforts of the outside world. It is for reasons such as these that Speaker Terrell is in the thick of the fight for State Aid for Good Roads, which eventually will unite the county seats of the Commonwealth.

There will be required \$2,369,000 yearly for eleven years. At the rate of \$4,000 per mile for the roads as proposed to be built, this would give the State over 500 miles per year average—something very tangible for the people to regard while impatiently looking forward to that glad day when the entire 6,200 will be available for the public use and benefit.

What vistas of new thoughts and new opportunities these highways would open up can be left safely to the imagination of the people. It is not only in what are commonly considered the isolated places of the State that lack of highways shut in the people and rob them of their right to live and prosper in their pursuit of happiness. In many counties there are sections absolutely inaccessible to wheeled vehicles in rough weather, and in order to carry this argument to its fullest, it must be told that the wealthy county of Jefferson has some mud paths which would do justice to the poorest of mountain communities. This is true for the very good reason that there are so many communities clamoring for roads and more of them these enlightened days that even the wealthy county of Jefferson cannot keep up with the demand. It is because of all these facts that Speaker Terrell, born and reared in a country community wants roads for the people of the Commonwealth, and will give thought and labor to cause the construction of good roads thru State aid for the enterprise.

There can be no doubt that one good reason why more Kentucky lowland capital is not invested in the development of Kentucky resources is the fact that especially in the mountain and virgin lands far from railroad safe hard to get to, and few are the capitalists of sufficient physical endurance and leisure to spend days prospecting.

The Times pick up this advocacy of Government aid to roads twelve months after the SIGNAL first mentioned it. At that time the Times was mightily "agin" the proposition on "principle," now on the subject, it hollers the loudest "how we apples do swim."

"One of America's greatest teachers" is the conclusion reached by the Educational Committee of House of Representatives at Washington when the work of Mrs. Cora Wilson Stewart, of Moorehead, Rowan county, Ky., was investigated. There are now but six illiterate persons in Rowan county. No other county in America has such a record. Every citizen, except the six mentioned, can read and write and nearly all of them do some figuring. This remarkable condition was brought about by the work and efforts of Mrs. Stewart. Moonlight schools were established thruout the county to accommodate workers who could not go to school in daylight. A number of pupils were 70 and 80 years old. Teachers and others volunteered their services and under the guiding hand of Mrs. Stewart so much enthusiasm was created in the work that in less than three years Rowan county has gained the proud distinction mentioned here in. Mrs. Stewart has been County Superintendent of schools, and there is a call thruout the Commonwealth that she become a candidate for State Superintendent at next election.

It is a foregone conclusion that Congress will pass the bill giving Federal aid to the various States for building highways. To share in this appropriation the State puts up one dollar where the Government puts up one hundred cents. The Kentucky Legislature will pass a bill enabling our State to meet these requirements. Now in case Congress does not make a direct appropriation for constructing Boone Way, it behooves the cities and towns and the people along its proposed route to get together and organize for the purpose of showing that owing to the vast importance of Boone way route the "connecting link," it should be the first to be constructed. The reasons are many why this great trunk line should be put thru without unnecessary delay. What say you Commercial Clubs, business men, farmers and every citizen?

OUR city papers that were "agin" Government and State aid to roads one year ago on "principle" with a big P, are fair-tumbling over each other in their mad rush to climb into the band

wagon of the good roads movement. Still they say the stand Congress and Legislatures are taking in the proposition. By their following the trail of the locomotive, they are blazed out by the SIGNAL thirteen months ago is some evidence that the same city papers are not the big licks and know-it-alls that they have attempted to have many people believe. It is something on the order of a deathbed confession however and it is a bitter pill, no doubt, for these publishers to swallow the doses prescribed for them by us, a year since we laid bolts on them down and made into the fight with us, we welcome all the boosters we can get, but after this fight is won for the love of Mike don't come on under headlines saying "See what I done."

IT will be the purpose of THREE STATES to devote a great deal of its space to the interest of good roads. We believe there is no other issue before the people of our section as important for the up building of our country. We know newspaper talk is very cheap, and it takes a lot of talking before anything is accomplished, but we know there is more interest in this good roads movement than just talk and that the people will quit talking some day and go to work. Boone Way already has some support in Congress and we believe if the people living in the section thru which this road will pass, will organize, they can produce something besides talk out of our National Congress. We are aware of the fact there are a great many demands made upon our public treasury, and a great many are seeking appropriations having less merit than Boone Way.—Middlesboro Tree States.

C. R. Luker, Rockcastle and Laurel's representative goes on record as favoring the Glenn insurance bill and voted for the measure when introduced in the House. The Republicans of this district who elect D. Charley will no doubt appreciate his efforts on this important measure, as the bill was introduced and the hard fight is being made to make it a law, not for the purpose of regulating the insurance business of Kentucky but to provide a graft fund for some and enable others to build up a political machine for the next State race.

WOULDN'T the Glens insurance bill, if it should become a law, provide the present Auditor, Henry M. Bosworth, who wants to be Governor next time with a splendid means of building up a political machine for his proposed fight? The shame of any Kentuckian and more especially a State official who would favor such an arbitrary measure that would injure and retard the business interests of the State as this would. The voters should remember in their supplication to Dietz, those who have led the fight for this outrageous measure.

THEY PREFER OURS

No Wonder, Simple as A B C. Ours Cost Less Ours Wear Better They Have More Style

It's about as difficult to describe these new clothes as to write about the prettiest girl at a Leap Year Party. You've got to see her with your own eyes. Maybe you'll like her—if you don't there are others. So, if one suit doesn't please you, we've another. It's a question of taste. Prices? That lies with you. The better the clothes you buy, the longer they last and the better they look while you're wearing them. But everyone prefers ours. They are best.

R. L. Jones and wife of Portland
Maine, are visiting Mr. Jones'
mother, Mrs. Mahala Jones of this
place. "Toots" as he is known to
most of his acquaintances here, is
locomotive engineer and has been
running for a number of years on
the Maine Central road.

J. E. Thompson, of the W. J.
Sparks Co., who fell from an 18-ft
scaffold at Lewisburg, Tenn., last
week, is in the Norton Infirmary,
Louisville, and the last report was
that he is improving. For several
days he was completely paralyzed
from the waist down, but he is
now gradually overcoming this
and the physicians say he will
soon be up.

Miss Rose McCord, chairman,
good roads committee, of the Ken-
tucky Federation of Women's
Clubs, is doing some splendid
work for the advancement of good
roads bills in State legislature, thru
correspondence with Clubs thru-
out our Commonwealth. Her
circular letters show she has given
the subject much study and her
efforts, we are glad to note,
are having good results. The
Federation is to be congratulated
upon the selection of so gifted
and conscientious a worker as
Miss McCord who is a good roads
enthusiast, and who accomplishes
things.

Jack Hysinger had a fine 2-year
old filly to die last week, with dis-
temper.

Col. Gus Stevenson, one of our
most progressive farmers, who
lives about one and one-half miles
out on the Crab Orchard road on the
proposed Boone Way, has a
cave on his farm near his house,
which will furnish enough water
for this and several other towns of
its size. The Col. has the water
piped to his residence already and it
runs naturally without artificial
pressure, and will throw a stream
twenty to thirty feet in the air.
He says he is thinking seriously
of starting a modern dairy and
will use this water in that as well
as his residence and stock barns.

P. E. Owens, a carpenter, aged
about thirty-seven, who came
here from Paris, Ky., last sum-
mer with his family, consisting of
his wife and four children, left
Highgate, Bell county, where he
has been employed by a coal com-
pany about January 10th last, sup-
posedly with the intention of com-
ing home to his family, but since
that time nothing has been seen or
heard of him. His family are here
and need his assistance. Any in-
formation as to the whereabouts of
this man will be appreciated by
Mrs. P. E. Owens, at Mt. Ver-
non, Ky.

Small pox are at an end in Mt.
Vernon. Those who have had
the disease are well and will be
turned loose in a week or ten days.
As to measles it is hard to tell how
many cases there are in town,
confined principally to children.
One rather singular case is that of
Mrs. Snodgrass, aged 79 years,
who has measles at the home of
her grand son E. B. Brown.
John Baker, also has them and is
pretty sick. These two cases
among the grown up people are all,
the balance are children and are
all getting thru without very much
trouble.

PROGRAM—FARMER'S INSTITUTE

The following speakers will ad-
dress the Farmers' Institute,
Thursday, Feb. 26, 1914, at
Broadhead: J. E. Hite, Tenn.; W.
B. Anderson, Indiana; C. L.
Clayton, Louisville, Ky.; Mrs.
Mary E. Ginn, Lexington, Ky.;
J. E. Grimes, State Board of For-
estry; J. T. Buford, State Goods
Roads Dept.; Prof. T. H. Likins,
Broadhead, Ky.; Miss Ella Carson
Broadhead, Ky.

During the day the following
persons will render music:
Mrs. W. F. Carter, Piano Solo
Miss Maranda Tate, Vocal Solo
Miss Sue Cable, Piano Solo
Mrs. R. E. Albright, Piano Solo
Miss Anna Cass, Piano Solo
Mrs. W. F. Carter, Vocal Solo
Quartette—Evening Belles.
Mrs. W. F. Carter,
Miss Miranda Tate,
Prof. C. B. Owens,
Prof. T. H. Likins.

For several years the Farmer's
Institute has been held each year
at Mt. Vernon and unfortunately,
the farmers in and around Mt.
Vernon have never taken any
interest and the result, few
people in Rockcastle have been
benefitted by such meetings. This
year the Institute, program of
which appears elsewhere in this
issue, will be held in Broadhead
and we believe the farmers around
Broadhead will take some interest
in this matter which should mean
much to the farmers. The fol-
lowing letter from Commissioner
of Agriculture, J. W. Newman, ad-
dressed to that progressive farmer
and good citizen, Mr. J. H. Bar-
rett, should appeal to the farmers
and others as well to attend. The
letter is as follows:

Mr. J. H. Barrett,
President County Farmers In-
stitute, Broadhead, Ky.

Dear Sir:
We are scheduled to hold a
county farmers' institute at Broad-
head on February 26th. Will you
do all in your power to work
up an interest in this meeting?

The lecturers on our present
force are: J. E. Hite on live stock
W. B. Anderson on soils; Mrs. M.
F. Ginn, domestic science demon-
strator; C. L. Clayton on horticul-
ture.

I trust that this meeting will be
well attended and prove an inter-
esting and profitable one.

Thanking you in advance for
your co-operation, and with best
wishes, I am,

Yours very truly,
J. W. NEWMAN,
Commissioner of Agriculture.

BROADHEAD.

Mrs. Linda Benton and son
John, are with relatives in M. lers-
burg for a few weeks. After
their return they will likely move
to Sweetwater, Tenn.—J. M.
Craig, of the Quil section, was in
town Thursday of last week.—W.
J. McQueen, of near this place,
sold a pair of 7 year old mules to
J. M. Cress, of Preacheville, for
\$400.00, and bought a pair of 4
year old mares at Maplesville,
Laurel county, for the same
money.—J. W. Proctor is confin-
ed to his room with rheumatism.
—Robert and Willie Cass, Laura
Howard, Lizzie Brummett, Blanche
Howell and probably others have
had measles the past few days.
All are getting along fine.—Dr.
W. F. Carter sold a pair of mules
to Ed Barger, for \$290.00, and a
cow to W. T. Brooks for \$50.—
Mrs. Will Carleton, of Brooks,
near Louisville, is very ill at the
residence of her father, Wm. Fu-
gate. She has tuberculosis and
is not expected to live but a few
days.—R. S. Martin is very sick
this week. He has a very serious
attack of asthma, and owing to his
age his recovery is somewhat
doubtful.—El Hirt has been at
home several days on account of
an attack of rheumatism.—Mrs.
H. E. Christie is visiting her sis-
ter, Mrs. John Evans, in Lexing-
ton this week.—Mr. and Mrs.
Walter Smith, of Crab Orchard,
were with her parents, Mr. and
Mrs. J. M. Owens, Sunday and
Monday. Mr. Smith subscribed
for fair stock while here.—The
Annual Farmers' Institute of
Rockcastle County will be held
here Thursday, Feb. 26, 1914.
The General Assembly of Ken-
tucky have made provisions for
holding these Institutes free of
cost to the farmers of Kentucky.
The State Department of Agricul-
ture will furnish the following
State Lectures: J. E. Hite of
Tennessee, W. B. Anderson of
Indiana; C. L. Clayton of Louis-
ville, who will discuss farm top-
ics, and Mrs. Mary E. Ginn of
Lexington will lecture on house-
hold affairs. J. E. Grimes and J.
T. Buford, lecturers from the
State Board of Forestry and
Good Roads Department of the
State Government, will also be
present. Prof. T. H. Likins,
Boys' Corn Clubs, Miss Ella
Carson, Girls' Canning Clubs, as
well as other local speakers.
Everybody cordially invited to
attend.—Mrs. J. W. Tate accom-
panied her brother, Walter Turpin
to Richmond again this week,
where he is under treatment of
the Drs. Gibson. Mr. Turpin is
in a very serious condition, and
we understand will have to under-
go an operation.—Granville
Owens, W. H. Sowder and John
Robins took the examination for
Fourth Class Postmasters at Liv-
ington today. Richard Elder, of
the Bee Lick section was the
guest of Mr. and Mrs. J. F. Wat-
son during the week.—A few days
ago two boys, Jim Maas and
Leonard Shelton, found the safety
box that was taken from the Post
Office safe when the office was
burglarized April 5, 1913. The
box had been broken open with a
heavy shop hammer, which was
also found near the box. The
box, when taken from the safe,
contained \$29.52 in Money Order
funds, a number of Money Order
Forms, and a set of keys, all of
which were found with the box,
except the cash. The box was
found about 200 yards north of
The Broadhead Roller-Mill on the
L. & N. R. R. Co's right-of-way.

George Payne, who has just
about completed three years ser-
vice with Uncle Sam at Ft. Moul-
tree, S. C., as a member of the
Coast Artillery, has been signed
as a pitcher by the Charleston
S. C., Club of the South Atlantic
League at a salary of \$100 a
month. Young Payne has been
showing up well in the army game
at Ft. Moultrie for some time.
His friends at home hope to hear
of him soon being in the class with
Bender, Walter Johnson and
Mathewson. He is a son of Mr.
and Mrs. John Payne, near town,
and is twenty-four years old.

Mr. John Pike, son of Rev. and
Mrs. A. J. Pike, and Miss Jewel
Francisco, daughter of Mr. F.
Francisco, heard the early train
at Broadhead yesterday morning
for St. Louis, where they were
married last night. We extend
heartily congratulations to these
splendid young people.

BOYS! I Feel Good!

WHEN I BEGAN DOING BUSINESS WITH THE PEOPLES BANK

four years ago, I had but \$5.00 to deposit. My business with
the Bank for the first year did not amount to much, but the
Cashier seemed to appreciate it, and treated me just like I had
a million on deposit with him. Naturally, I felt encouraged
and I said to my wife one night, "Mary, you just watch what
a difference there will be in 'Bill's Bank Account next year.'
Well, to make a long story short, I kept adding to my deposits;
the Bank paid me 3 per cent interest on Savings Deposits, with
interest compounded semi-annually. I made three real estate
trades in which I made nice money—all went to my credit
with PEOPLES BANK—and to day "Bill's" Bank Account
is "Some Punkins." Now, Boys, if you have got the deter-
mination and grit and a little bit of "old horse" sense, go to
the PEOPLES BANK—start a little account—get a Bank Book
with your name on it—go in to win and you can do as well as

BILL.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr.
Hughes Would Die, But
One Helped Him to
Recovery.

Pomeroyton, Ky.—In interesting ad-
vices from this place, Mr. A. J. Hughes
writes as follows: "I was down with
stomach trouble for five (5) years, and
would have sick headache so bad, at
times, that I thought surely I would die.
I tried different treatments, but they
did not seem to do me any good.
I got so bad, I could not eat or sleep,
and all my friends, except one, thought I
would die. He advised me to try
Theodore's Black-Draught, and quit

taking other medicines. I decided to
take his advice, although I did not have
any confidence in it.
I have now been taking Black-Draught
for three months, and it has cured me—
haven't had those awful sick headaches
since I began using it.
I am so thankful for what Black-
Draught has done for me."
Theodore's Black-Draught has been
found a very valuable medicine for de-
rangements of the stomach and liver. It
is composed of pure, vegetable herbs,
contains no dangerous ingredients, and
acts gently, yet surely. It can be freely
used by young and old, and should be
kept in every family chest.

to the highest and best bidder, at public
auction, on Monday the 23rd day of Feb.
1914, between the hours of 9 o'clock a.
m. and 4 o'clock p. m. the following de-
scribed real estate located in Rockcastle County on
the waters of Roundstone Creek, and
bounded as follows:
Tract No. 1.

Beginning on a dogwood, near the
ridge road; thence north with said road
to a gum in a low gap, by the Reason
field; thence west to a hickory, on top of
the ridge; thence nearly west to a white
oak, on the southern boundary of the
Carter farm; thence with the eastern
boundary of the Carter farm to a persimmon
tree; thence a straight line south to a
pear tree on the ridge road; thence with
the ridge road east to the beginning,
containing 200 acres more or less.

COMMISSIONER'S SALE

ROCKCASTLE CIRCUIT COURT
VS. Commissioner's Sale
Lester G. DeHord & Co., Defts.

By virtue of a judgment and order
of sale of the Rockcastle Circuit Court
rendered at the January Term, 1914,
thereof, I shall proceed to offer for sale
at the front door of the Court House, in
Mt. Vernon, Rockcastle County, Ky.,
to the highest and best bidder, at public
auction, on Monday the 23rd day of Feb.
1914, between the hours of 9 o'clock a.
m. and 4 o'clock p. m. the following de-
scribed real estate located in Rockcastle County,
Ky., on the waters of Skeggs Creek and
bounded as follows:

Beginning at three sugar trees, or
where they use to stand, on the north
east side of Skeggs Creek; thence south
37 1/2 W. 100 poles to a white oak and
poplar; thence S. 60 poles to a double
chestnut on the top of the ridge; thence
S. 25 W. 60 poles to a spotted oak;
thence S. 80 W. 70 poles to a black oak;
thence N. 25 W. 24 poles to a double
chestnut oak; thence north 64 poles to a
chestnut; thence 13 poles to a small
chestnut oak and chestnut, corner to
division line between W. H. DeHord and
M. W. DeHord; thence with said division
line N. 60 E. 83 poles to a stone at a fence;
thence N. 20 E. 67 poles to the spring;
thence with the spring branch N. 74 E.
12 poles; thence N. 124 E. 12 poles to a
stone on the bank of said creek; thence
down with said creek to the beginning,
and is the same land or that part of the
same land conveyed to M. W. DeHord
by W. H. DeHord and wife when the di-
vision of their land was made between
said W. H. DeHord and M. W. DeHord,
this being the part which, belonged to
said M. W. DeHord. From this bound-
ary there is to be deducted a boundary
sold and conveyed to J. N. Brown by the
said M. W. DeHord and wife during
their life time, and which is described
as follows:

Beginning on two small chestnuts in
the said line of J. N. Brown and M. W.
DeHord; thence S. E. corner with line
of fence and continuing in the same di-
rection to two small hickories on top of
Pine Ridge; thence S. W. with said De-
Hord's old line to a spotted oak; thence
S. 80 W. 90 poles to a black oak; thence
N. 25 W. 24 poles to a double chestnut
oak; thence N. 10 W. 20 poles to a small
red oak; thence to the beginning. Deed
to this part is recorded in the Rockcas-
tle County Court Clerk's Office in Deed
Book No. 18, page 231.

For the purchase price the purchaser
must execute bond with approved se-
curity bearing interest from the day of sale
until paid and having the force and
effect of a judgment.
Bidders must be prepared to comply
with these terms.

against these two phrases. Fortunately
here and there in the rural schools
the teaching of cooking has
gained a foothold. In Warren county
this year the people were fortunate
enough to have a competent woman go
from school to school with her equip-
ment in a wagon and give some in-
struction.

Naturally there was some grumbling
among those who belong to the "old
school," the school that believes that
"what was good enough for me is good
enough for my children," but something
happened when the school fair was
held this autumn. A number of prizes
had been offered for exhibits of needle
work and cooking; also, a grand prize
of \$50 in gold to the girl showing the
greatest amount of fine work in all
classes. This grand prize was awarded
to Daisy Kite.

As soon as the award was made
known, some outsider asked "Whom
is this girl that has done so much
splendid work, covering, sewing, be-
st on biscuit and fine cake making?"
A sympathetic smile flitted across a
teacher's face as she replied, "Did you
see the parade downtown this morn-
ing?"

"Yes, Why?"
"Did you notice a lame girl with a
face written over large with the word
"Pluck?" That was Daisy Kite. She
does what the others do, in spite of
the fact that she has been on a crutch
since she had a hip crushed when she
was three."

"Oh, her father is a farmer who re-
sides somewhere out in the county here, and
Daisy had been going to the country
school in the neighborhood. It is in
a case that shows that sewing, cooking,
practical things, will pay in our school."

DOES DOMESTIC SCIENCE PAY?

system everywhere. If the work this
year in the county has cost something,
Daisy Kite's opportunity that has come
would pay the whole bill."

"What do you mean?"
"I mean that the whole neighborhood
is now interested in the child and will
see that she gets a real education. And
if that comes true Daisy will have
grown. More than that, the neighbor-
hood will have grown through doing
good for some one. I am certain that
there are hundreds of Daisy Kites in
the nooks and corners of the state
waiting to be touched by something
that in education. I don't mean the
education that lies between the covers
of a blue back speller, a reader or an
arithmetic, but the education that ap-
peals to the child because it fits for
life's activities."
